# **Embracing the Challenge:** Citizenship and Dementia

6 - 8 May 2008 Stormont Hotel, Belfast, Northern Ireland

### **Embracing the Challenge: Citizenship and Dementia** 6-8 May 2008, Stormont Hotel, Belfast, Northern Ireland

Citizenship has been chosen as the theme for our 1st International Conference to recognise the contribution people with dementia make to society and the challenges confronting services in responding to the needs of people with dementia and their carers.

The conference is aimed at all those who support people with dementia, including doctors, nurses, paramedics, housing organisations, The PSNI, faith leaders, voluntary and private sector staff. The conference also welcomes people with dementia and their carers. For additional information please

The conference programme addresses a broad range of issues through our keynote presentations and symposia. The symposia have been structured to enable delegates with specific interests to plan a programme to fit their needs and interests. The symposia include:

Excellence in Care Homes Learning Disability & Dementia Ethics, Consent & Capacity Risks, Rights & Limits to Freedom Pain & Palliative Care

Planning & Design Acute Care

Research & Clinical Practice Communication Behaviour that Challenges Views of People with Dementia and their Carers

Northern Ireland has demonstrated considerable innovation in the use of assistive technologies to examine developing technologies in the demonstration area.

The conference will bring together expertise, opinion and debate from many parts of the world, including the USA, Canada, Australia, Germany, Greece, the UK and Republic of Ireland.

Our DSDC-NI team will be on hand to offer guidance and assistance. There will be opportunities to visit over 20 exhibitors and networking areas.

In addition to the main conference, delegates will have an opportunity to take part in a number of other events:

#### Pre-Conference Networking Buffet

On the evening of the 6th May there is an opportunity to relax and to meet other delegates and keynote speakers at a welcome buffet before the launch of the busy conference programme on the morning of the 7th May.

#### 'The Woman From the North' by Bernard MacLaverty

The conference will include a rehearsed reading of play by the Belfast born playwright Bernard MacLaverty. We are delighted that Bernard will attend the conference to introduce his work before the performance.

"Cassie has never sat an exam in her life but now finds herself facing a life-changing assessment and

#### **Conference Dinner**

Delegates will have the option of attending a drinks and dinner reception on the evening of the 7th May. The dinner will provide an opportunity to share views and experiences in a relaxing atmosphere while enjoying the excellent cuisine of the Stormont Hotel.

#### Northern Ireland Dementia Care Awards 2008

a celebration of innovation and good practice. They are designed to recognise organisations and To find out more or to apply for an award go to http://www.dementiacentreni.org/awards.asp or contact Oonagh Thompson on o.l.thompson@stir.ac.uk or 02890930070.

Interest in the conference has been very high and places are limited, so please book early to avoid disappointment and to take advantage of our special 'early bird' rate.

We look forward to welcoming you to our conference.

Professor June Andrews

### **Conference chairs**

#### Professor June Andrews

June Andrews is the Director of the Dementia Services Development Centre at the University of Stirling, which is supporting the creation of a Northern Ireland Dementia Centre. Professor Andrews is a leading psychiatric and general nurse, with wide experience in health, social care and government.

#### Maurice O'Connell

Maurice O'Connell is Chief Executive of the Alzheimer Society and the Chair of Alzheimer Europe. Maurice is presently a member of the HSE Expert Advisory Group for Older People and the HIQA Working Group on Residential Care for Older People.

### **Keynote Speakers**

#### Professor Sube Banerjee, England

Sube Banerjee trained in psychiatry at Guy's and the Institute of Psychiatry, and in epidemiology at the London School of Hygiene and Tropical Medicine. He is Professor of Mental Health and Ageing in the Health Service and Population Research Department at the Institute of Psychiatry, King's College London where he directs its Centre for Innovation and Evaluation in Mental Health.

#### Dr Janet Johnston, Northern Ireland

Janet Johnston is a lecturer at the School of Medicine and Dentistry, Queen's University Belfast. She has been researching molecular aspects of Alzheimer's disease for the past 16 years, initially at the Karolinska Institute (Sweden), where she completed her PhD in 1997. She was awarded an Alzheimer's Society Fellowship in 1997, enabling her to pursue her research interests in Belfast. Dr Johnston's presentation will discuss her most recent research.

#### Dr Stephen Judd, Australia

Stephen Judd is Chief Executive of Hammond Care, an Australian charity that is acknowledged internationally as a leader in supporting people affected by dementia. His presentation will challenge people to look at not just the terms they use, but what they mean when confronted by the realities of dementia. Dr Judd's contribution to the 2007 International Conference at the University of Stirling was highly rated by delegates.

#### Professor Christine R. Kovach, USA

Christine Kovach is a professor at the College of Nursing, University of Wisconsin-Milwaukee, and a fellow of the American Academy of Nursing. She has done extensive clinical work and research with people who have Alzheimer's disease and other dementias. Her areas of research include pain assessment and treatment, nursing home care, therapeutic activity and the environment of people with dementia. Her presentation will address palliative care needs of people with dementia.

#### Scottish Dementia Working Group

The Scottish Dementia Working Group (SDWG) is an independent group run by people with dementia and funded by Comic Relief and Alzheimer Scotland. Its members includes people with dementia. The purpose of the working group is to campaign to improve services for people with dementia and to improve attitudes towards people with dementia.
